

PRODUCT INFORMATION

PRODUCT NAME VASOIL VASREX OILS

DESCRIPTION VASREX OILS are gear oils formulated for hypoid gears and other heavily loaded gears, The selectively balance of EP additives maintain their good anti-wear, oxidation stability and anti-rust characteristics .

PRODUCT USE

VASREX OILS are particularly recommended for lubricating hypoid gears operating under normal conditions for which API GL-2 oil is required.
 VASREX OILS can also be used for lubricating gears for earth moving machinery, tractors and other off-road equipment.

SPECIFICATIONS

VASREX OILS meet the requirements of the API GL-2 specifications.

CHARACTERISTICS (TYPICAL PROPERTIES)

VASOIL BRAND	SAE	Mass	Flash	Pour	Kinemat	Viscosity	Viscosity
	Viscosity Grade	Density	point	point	c	40 C	100 C
		@ 15 C	ASTM	D93			
		Kg / lt	C	C			
VASREX OILS	80W	0,875	230	-30	68	8.55	96
